RE: ARIZONA PUBLIC SERVICE COMPANY RATE CASE
DOCKET NO. E-01345A-19-0236

Arizona Public Service Company and Interested Parties:

On August 11, 2020, I wrote a letter asking Arizona Public Service Company ("APS") to develop different scenarios for recovering stranded costs associated with the early closure of the Four Corners Generating Plant ("Four Corners"). I requested that APS develop and submit for Commission consideration its analyses using four different described methods and three different Four Corners closure dates. I did not specify a deadline for APS to submit this information.

On August 28, 2020, the Citizen Groups and Sierra Club ("Joint Parties") filed a request to impose a September 18, 2020, deadline for APS to respond to my letter. The Joint Parties also asked that APS be required to develop and submit analyses using the same four methods for a 2023 Four Corners retirement scenario and for Units 1 and 3 at the Cholla Power Plant ("Cholla").

With this letter, I am asking APS to develop and submit its analysis using the four different described methods in my August 11th letter, for a 2023 Four Corners retirement scenario and for Cholla Units 1 and 3 (in addition to the scenarios requested in my August 11th letter). I also request that APS file this information in this docket no later than October 2, 2020. Any party to this case that would like to file a response to APS's cost recovery scenarios should do so by November 6, 2020.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert L. Burns".

Bob Burns
